Subject: West Pottsgrove Elementary School Update
To: <ssieller@pgsd.org>

Good afternoon West Pottsgrove Families,

I hope this email finds you well despite our current circumstances. I would like to thank you for your on-going support as we collectively navigate the challenges that the COVID-19 scenario has presented us. I would like to share the following link as a resource for tips on how to have a coronavirus conversation with your child. [Click here](#) for more information.

While the safety and well being of our students, staff, and overall community remain our central focus; please know that the Pottsgrove School District is committed to the continued learning opportunities for our students. Teachers worked diligently to prepare short-term packet learning materials distributed to students prior to dismissal on Thursday and you may have already seen additional resources posted by our Encore team via Class Dojo. We are currently continuing those efforts and will be sharing updates, additional resources, and materials as they become available.

If you have any questions or concerns, please do not hesitate to reach out at any time.

Sincerely,

Steve Sieller

Principal

West Pottsgrove Elementary School
