

Dear Pottsgrove Families:

We began our school year on August 31 within a virtual world. While I recognize that there were challenges for students, staff, and families alike, I have witnessed the perseverance of everyone as we navigate these times together. I truly appreciate the ongoing patience, support, and flexibility of our community.

In order to refine our practices within the virtual world, we are seeking your feedback through a survey. You may access the survey [HERE](#). Even if a Hybrid learning option becomes available following the Thanksgiving holiday, we want to strengthen our virtual learning in all grades. Your feedback on this survey will help inform our continued efforts to refine the existing virtual program. We would appreciate you taking a few minutes to offer your perspectives and thoughts about your experiences in our current virtual learning conditions.

In addition, many families submitted questions on the recent Parent Intent Survey. As a result, we have created a Frequently Asked Questions document on our website. You can access this document [HERE](#). This document aims to provide answers to recent questions. We continue to work with our building leadership teams to design and evaluate models for hybrid learning. As more information about the hybrid program becomes available, it will be shared with the community.

The Pottsgrove School District aims to strengthen and improve our practices. Although the survey requires a sacrifice of your time, we greatly value and appreciate your feedback, and your partnership.

Respectfully,

William R. Shirk, Jr., Ed.D.
Superintendent
